750 type folding delineator (TL)

Details

The BASt tested TL folding delineator made of a stable double-walled HD-PE blow body with a practical handle and film protection edge is the benchmark for quality, safety and durability. The reliable and robust snap-on hinges ensure maximum stability in all weather conditions. Folded up, the delineator saves space and is easily stackable.

Item number : 302.605091.01.02

Highlights

- very handy due to handles on the delineator body and base plate and convenient when setting up or moving the delineator
- the high quality base plate made of black recycled material guarantees slip resistance
- equipped with particularly hard-wearing hinges
- with hatched (SF) or arrow film (PF) available in additional variants
- Customisable: multicolour, marking plate, printing, sticker
