MB-TL 92 base plate (TL)

Details

Stackable, absolutely stable, non-slippery and easy to use due to two comfortable handles - this is what a well thought-out solution for a delineator base looks like. The WEMAS TL delineator base plate type MB-TL 92 is BASt tested and approved according to TL-installation device weight class K1. Use the possibility for individual marking by profiling your logo!

Item number : 6001
