Future type warning and delineator lamp (TL)

Details

In this unbreakable and stable lamp housing, there is only one high-quality LED behind each diffuser for each direction of light. This saves electricity, so that operation is also possible with only one battery. The battery can be replaced in just a few easy steps. The WEMAS TL-warning and delineator lamp type Future is BASt tested and approved according to TL-warning lamp 97. The housing has a comfortable handle, is available in many colours and, if desired, can be decorated with a sticker with your logo.

Item number : 303.019020.18.40

Highlights

- housing: yellow / red
- unbreakable, long-life lamp housing
- low consumption LED technology with automatic twilight control
- 2 battery compartments for minimised maintenance
